

The Big Vision Project Module 12: Station 12 – Harvest

Questions

- ✓ What are you harvesting in your life today through this process?
- ✓ On a scale of 1 to 10 how satisfied do you feel with the result you've produced so far?
- ✓ How ready is your work to be released to the world? How ready are you to release it?
- ✓ How do you understand your life purpose differently through what you've created?

Exercise

- ✓ It's not always easy to let go, but success is the by-product of purpose. And that is in someone else's hands. But there is no feeling like the satisfaction of doing what you didn't believe you could and having something wonderful to show for it.
- ✓ Compare and contrast the work you've produced with your original vision in these key areas: usefulness, relevance, impact, uniqueness, depth, profitability, potential, reach.

Actions/Homework

- ✓ What purpose does your creative product serve in the world? How does it reflect your life purpose?
- ✓ How well does this work meet the needs of the market you serve? How can you position and market it to make it more relevant? More useful? More profitable?
- ✓ What needs to be translated or interpreted for your audience to understand your work?

Accountability

- ✓ Check in with your Facebook community or your accountability partner.

Measure your Learning

- ✓ What does this experience now tell you about the process you've gone through? How does your life look different to you from here?
